

### Department of Social Services Mission Statement

*The mission of the California Department of Social Services is to serve, aid and protect needy and vulnerable children and adults in ways that strengthen and preserve families, encourage personal responsibility and foster independence.*

The Community Care Licensing Division (CCLD) will be hosting a Stakeholder meeting on Thursday, December 2, 2010 to update you on the progress licensing is making designing, developing and testing methods for strengthening health and safety protections.

This meeting is to continue efforts to include stakeholders in conversations regarding a proposal first introduced April 1, 2010, in the form of a Spring Finance Letter heard during the May Revision for the Fiscal Year 2010 budget. While rejected without prejudice, the legislature asked CCLD to continue to work with stakeholders on the proposal, and to report on our progress.

The CCLD has continued to work on our plan to realign resources to accomplish more frequent inspections (annually or at least biennially), create administrative efficiencies and reduce dependency on the state general fund.

This meeting will touch on our interim workload priorities as it provides a bridge to our ultimate solution of a New Direction for CCLD.
